Advisory Referenda Regarding Land Purchase:

On November's Election Ballot:

Please **DO NOT miss the LAST ITEM** on the official ballot for the General Election on November 8th :

The question is: Should Nature Conservancy be allowed to purchase land within Pembroke Township to establish a conservation marshland?

Vote YES or NO

Why is this important? Our tax base continues to decline with every parcel of land The Nature Conservancy purchases.

Communities Working Together:

Mayor Bruce Adams of Bradley provided much needed resources to the Village of Hopkins Park. For the past several months one of the two Village of Hopkins Park 30 year old main sewer pumps has not worked and needed to be replaced; as repair was not an option. This was a \$25,000.00 project. The Village of Hopkins Park Mayor Hodge reached out to Mayor Adams of Bradley one of a few communities that has a large Vactor truck needed to pump the lift station prior to repair. This is how things are supposed to work, all of Kankakee County Mayor's are invited to attend a Bi-monthly meeting to network and develop working relationships. *The Village of Hopkins Park Mayor and residents, extend their gratitude to Mayor Adams and the Village of Bradley for assisting with this project.* We also want to acknowledge Dennis Peters Public Works Supervisor, Ty Adams Bradley Utilities Foreman and Stacy Wright Bradley Utilities for coming to Hopkins preparing the lift station for the new pump.
